The best way to communicate with me is: Talk to him, treat him with respect, don't use "I don't know" when he asks you a question,

Things I like to do: R loves video games (Halo, Sea of Thieves, Minecraft), LEGOs, movies (Jurassic Park/World, War of the Worlds, Star Wars, Disney), going to the Columbus Zoo, going to sporting events (Ridgewood, Columbus Blue Jackets, Cincinnati Reds), COSI, the Wilds, bowling, put put golf. He likes going out to eat and will tell you exactly what he feels like eating.

Things I need help with: R wants to get out and do things he's interested in! Accessing the community in a way he is comfortable with, oversight with making simple purchases, building on current hobbies and interests, staying active in a way that doesn't feel like exercise, occasional assistance with reading social cues from others

Any other important information to know: R has a great sense of humor, is amazing at reading people, and has many interests and hobbies that he loves to share with others.
